Centerville Pioneer Dies After Long Illness

Sigmund Salz, a widely known and honored citizen of Centerville, died in Oakland, Saturday, August 17. He had been ailing for some time; in fact, he had not been a well man since shortly after his return from a sojourn in Los Angeles, about three months ago.

Mr. Salz was a member of the firm of Salz & Co., of Decoto and Irvington, and had been a citizen of Washington township for the past [illegible] years, doing a great deal of buying of hay [illegible] firm. Mr. Salz dealt in real estate in times past, and handled many pieces of property in the township.

He is survived by a wife and three sons and one daughter by a former marriage.

Mr. and Mrs. I. Richards have received word from their son, Walter, saying that he is recovering slowly from injuries received a short time ago while making a voyage on a troop ship.

ANNUAL PICNIC OF THE COUNTY FARM BUREAU

The fourth annual picnic of the Alameda County Farm Bureau will be held Saturday, September 7, 1918. No definite meeting place has been decided on as yet but the Bureau hopes to secure Fernbrook Park. Definite information will be publishcd next week.

Professor Nelson of the University of California and other speakers noted for their knowledge of agriculture conditions will provide part of the program. Men from all over the county meeting at this picnic will be able to discuss problems peculiar to their own locality.

There will be a basket luncheon at noon, and coffee will be served on the grounds. After lunch there will be dancing in the pavilion for those who care to participate. A varied program consisting of races for the old and young will take place later in the afternoon.

California Nursery Has New Trade Mark

The above is a reproduction of the California Nursery Company's new trade mark, which was originated and designed by Mr. C. M. Green of the company's staff. This trade mark will be shown in the publications and general advertising of the local nursery and by reason of the presentation of her native grizzly California will receive a share of the publicity accomplished by the firm.

War Souvenirs Being Shown

Frank Mendonca of Hayward, brother of Nightwatchman Joseph Mendonca of Niles, who was recently wounded in battle in France, has sent home a collection of war souvenirs taken from an eighteen-year-old German soldier. The collection consists of a gray woolen cap with a red band, a belt buckle, a woolen shoulder strap bearing the figures "118" worked in red and one mark in paper money. The soldier the collection was taken from was in the army only two days. He left home on a Sunday and was captured on a Tuesday.

Mendonca was wounded in the fourth battle in which he participated.

Schuckl & Company Wants Workers

Schuckl & Co., will begin canning tomatoes next week and are in urgent need of workers. All women and girls, who wish employment in the cannery are requested to call at the company's office in their cannery building in Niles and register their names for assignment to duty.

Many Measures Of Importance Are on Ballot

The ballot for the general election in November will be enormous in size. In addition to the elective offices there will be twenty-five new State measures, consisting of eighteen Legislative enactments, six initiative measures and one referendum. They are as follows:

The Tax Limitation Law, initiative and referendum; limiting county expenses to not more than 5 per cent in excess of the year before. This was prevented from going into effect by referendum, by educators, who feared it would operate against school appropriations. Afterwards it was remodeled and made an initiative measure.

The Rominger Bill, doing away with the saloons and strong drink and limiting the sale of wine and beer; initiative.

Consolidation measure authorizing counties of 200,000 population to consolidate county and city governments; legislative.

Eminent domain, authorizing state county and city governments to acquire, by eminent domain, property in excess of that needed for use in an improvement; legislative.

Flag Dedication Is Attended By 400

The service flag dedication at Holy Ghost Catholic Church, Centerville, last Sunday was attended by fully 400 people, who gathered to assist in dedicating the flag as an honor to the 43 members of the church now in the war service. The flag was raised by Miss Adeline Rogers.

There was speaking by Judge Mitchell, Attorney Lemos, and Rev. Father Kennedy of Camp Fremont. Father Kennedy paid high tribute to the boys "over there" who are sacrificing their lives for their country. Rev. Father Souza read the names of Catholic boys, some of whom are in the army and some in the navy.

The music for the dedication service was furnished by the Alvarado brass band.

ST. JAMES' CHURCH

You are invited to worship at St. James' Episcopal Church, Centerville, Sunday School at 10 o'clock a. m. Morning prayer and address at 11:00 o'clock. Subject—"Feeling One's Way to Religion." Everybody is welcome.

Minister in Charge.

Candidates Dance Proceeds $107.70

The candidates' ball at Irvington, Saturday night, August 17th, was one of the most successful ever given at Maple Hall, the total proceeds amounting to $107.75. The net proceeds which was $70, was given to the Red Cross. The ball was given by J. M. Brewer who was ably assisted in carrying out the arrangements by a number of the young ladies of Irvington, who are interested in Red Cross work.

Sheriff Frank Barnet was the speaker of the evening. He was introduced by J. M. Brewer, and in opening his address, the sheriff referred to Mr. Brewer as sheriff of Washington township.

The county and township candidates who attended were: P. A. Haviland, J. Leonard Rose, Hal Augus, George Gross, Ezra Decoto, Ralph Richmond, Frank Rose, Thomas Silva, J. M. Brewer, W. H. Bliss, Joseph Soito.

The hall decorations, which were carried out by Mrs. S. E. King of Irvington and Miss Martha Poppe of San Francisco, were especially attractive and received much favorable comment.

Hal Augus presented Mrs. J. M. Brewer with a check for three dollars to be turned over to the Red Cross, for which he received the thanks of the Irvington Auxiliary.

Livermore Boy Reported Wounded

The name of Musician Charles Bonde, of Livermore, has been added to the list of Alameda county boys [illegible] action in France, according to casualty lists just issued by the U. S. War Department.

Bonde, who is 26 years old, is the son of Julius Bonde, formerly a rancher near Livermore and now living at Patterson, Alameda county. Young Bonde enlisted last September, not waiting to be taken in the draft, and has been in France about one year. He has one brother in the service and now in training in Camp Kearny.

WILL HAVE A LOCAL EXHIBIT AT LAND SHOW

Last Monday the Board of Supervisors appropriated $2,000 for the purpose of collecting, installing, and maintaining an exhibit of Alameda county products at the Pacific Coast Land Show and Exposition in Oakland, September 9 to October 6.

The exhibit will be in charge of the County Development Commission and it has been decided owing to the lateness of the start to have each community in the county gather up its best products and make community exhibits. The committee appointed by the Niles Farm Center is composed of Philip Moore, Joseph Shinn and W. B. Kirk. Any resident of this section having particularly good fruit or vegetables is asked to make the Niles section the best in the friendly competition with other sections of the county, by sending their best products either in big boxes or baskets to some member of the committee or by express direct to the cold storage plant, if it is of a perishable nature.

All such exhibits should be marked "Alameda County Exhibit" and sent by Wells Fargo Express (collect) to the National Ice and Cold Storage Co., Second and Broadway, Oakland, with name of exhibitors and NILES on the exhibit.

A committee consisting of Assistant Farm Advisor G. W. Kretsinger and Secretary Stearns of the County Development Commission were in town Tuesday in the interests of the county exhibit.

Articles of a non-perishable nature may be sent by express to the permanent County Exhibit 313, Thirteenth Street, Oakland, also marked with the name of the exhibition.

All exhibits should be in Oakland as early as possible and certainly not later than September 6.

As the show opens on Admission Day it is estimated that one hundred thousand people will visit on the opening day.

War Time Sweeteners

AMERICA has several excellent war time sweeteners that will be used largely during the shortage in the sugar supply.

They are maple sugar, syrups, honey and molasses and may be used in preparing desserts and other dishes requiring sweetening.

When a cup of syrup or honey is used to replace a cup of sugar the liquid in the recipes should be decreased one-fourth. One-third of a cupful of sugar is equivalent to one-third of a cup of honey, about one-half cup of syrup and about one-half cup of corn sugar. One-fourth of a cup of sugar is equal to about one-half cup of syrup or one-third cup of corn sugar. One tablespoon of sugar is equal to one tablespoon of honey, about one and one-half tablespoons of syrup and one and one-third tablespoons of corn sugar.

Sugar may be saved by the use of raisins, dates, figs, dried pears and fruit pastes used on the breakfast cereals.

Fruit marmalades, butters and jellies should be used to take the place of the ordinary sweetening at a meal and not as accessories to it. Fruits may be preserved without sugar. It may be added when sugar is more plentiful.

Preserving demands this year a thin syrup instead of a heavy syrup.

If sugar is used one-half of the amount may be replaced by another sweetener.

Drying is a means of preserving (without sugar) apples, cherries, strawberries and black caps.

When ready to use they may have added the needed sugar in the form of a syrup. When sugar is more plentiful fruit juices may be made into jellies or may be used as fruit juices with or without sugar, as beverages, fruit gelatins and frozen desserts.

Fresh fruits supply the place of sugar in the diet. They should be used freely. Desserts where sugar is scarce may be made of gelatins, junkets, custards, puddings and cakes.

Service Flag Dedication At Corpus Christi Church

A great service flag containing 45 stars, representing the members of Corpus Christi Church, Niles, who are now in the country's service, will be dedicated at the Church, Sunday, September 1st.

A fitting program is being arranged, headed by Philip M. Carey of Oakland, who will be the orator of the day. His address will begin at 10:30 a. m.

There will be many numbers of a patriotic nature on the program, chief of which will be the singing of patriotic songs by a chorus of 100 voices. The singing will be under the direction of George L. Donovan.

The following are some of the choruses of the patriotic songs now being rehearsed for the dedication.

KEEP THE HOME FIRES BURNING

Chorous:—

Keep the home fires burning,
While your hearts are yearning:
Though your lads are far away
They dream of home.
There's a silver lining,
Through the dark cloud shining,
Turn the dark cloud, inside out
'Till the boys come home.

BATTLE HYMN OF THE REPUBLIC

Chorous:—

Glory, glory, Hallelujah,
Glory, glory, Hallelujah,
Glory, glory, Hallelujah,
His truth is marching on.

OVER THERE

Chorous:—

Over there, over there,
Send the word, send the word over there,
That the Yanks are coming, the Yanks are coming,
The drums rum, tumming ev'ry where.
So prepare, say a prayer,
Send the word, send the word to beware,
We'll be over, we're coming over,
And we won't come back 'till its over over there.

JOAN OF ARC

Chorous:—

Joan of Arc, Joan of Arc,
Do your eyes from the skies see the foe?
Don't you see the drooping Fleur-de-lis?
Can't you hear the tears of Normandy?
Joan of Arc, Joan of Arc,
Let your spirit guide us through.
Come, lead your France to victory,
Joan of Arc, they are calling you.

THERE'S A LONG, LONG TRAIL

There's a long, long trail a winding,
Into the land of my dreams,
Where the night-in-gales are singing.
And a white moon beams.
There's a long, long night of waiting,
Until my dreams all come true,
'Till the day when I'll be going down
That long, long trail with you.

Satterwhite Feels Confident of Receiving A Big Vote Tuesday

William T. Satterwhite, candidate for district attorney, says he starts the last week of his campaign with the assurance of support from all parts of the County. Mr. Satterwhite has visited and spoken in nearly every city and town in Alameda County and to-day expressed confidence that the people would give him a handsome vote on August 27th. Satterwhite says he stands squarely on his platfrom to clean up the official and political abuses in the District Attorney's office and on his record as a Deputy District Attorney and State Legislator.

SENATOR BREED

Judge Koford Indorsed By Great Many Lawyers

Superior Judge Joseph S. Koford, who was appointed to the Alameda County Bench by Governor Stephens a year ago and is now a candidate to succeed himself, has received the written endorsement of one hundred and fifty leading members of the Alameda County Bar in which is stated: "Judge Koford has brought to the performance of his judicial duties a high order of legal ability, unquestioned integrity, pre-eminent fairness and unform courtesy and it is with pleasure we recommend his candidacy to the voters of Alameda County."

Judge Koford is a graduate of the University of California, as is Mrs. Koford (Kate Buckingham), has practiced law in Alameda County for mnay years with McElroy & Stetson and later as a member of the firm of Stetson & Koford; has served as Assistant City Attorney of Oakland; attorney for the State Pharmacy Board; attorney for State Insurance Commission and his preparation for judicial office has been thorough and complete.

Judge Koford resides in Oakland and is a member of the well known Berkeley family of that name and is a brother of Dr. Henning Koford of the U. S. Army Medical Reserve and Assistant District Attorney, James M. Koford.

Judge St. Sure Is Old Resident of County

Judge A. F. St. Sure's recommendations in connection with his candidacy for one of the Superior Judgeships is a residence in this county for more than a quarter of a century, legal practice for more than twenty years, establishing a family here whence he has sent a son into the great war, experience in a magisterial capacity, acquaintance and association with men of worth and importance, and generally these activities that qualify a man for important judicial tasks. The public mind is absorbed for the time in an unusual task that the nation has on hand, but the people of this county are taking time to realize that their permanent immediate interests lie in selecting men of stability for their important posts, realizing that such action will affect their well-being after the distractions of the time shall be over. Hence it is that such an appreciable tide of favor is setting toward this candidate.

J. A. Hill, Candidate for Public Administrator

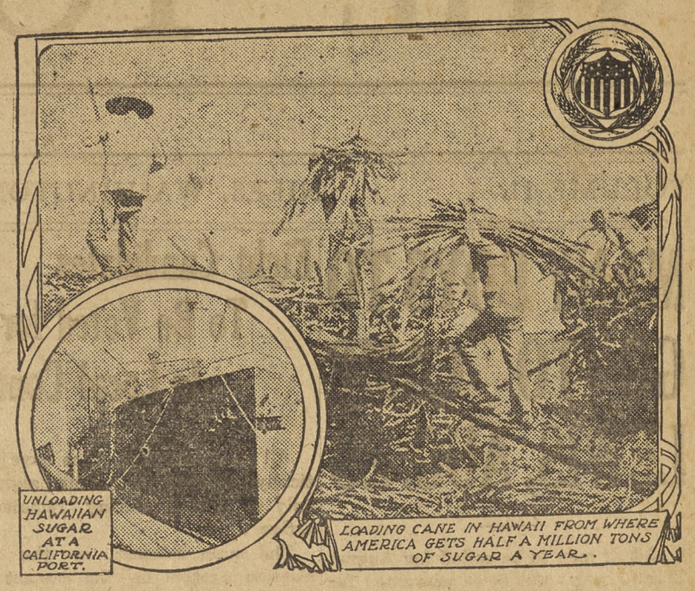
The following is in reference to J. A. Hill, candidate for Public Administrator, and is taken from an Oakland publication:

Mr. Hill has lived and done business here (N. Y. Tea Co. and Hill & Selier, teas, coffees, crockery, etc., Oakland) for more than thirty years; he is an honest, industrious, capable, courteous and loyal American business-man, with two sons (Lieut. Bruce Hill and Albert Hill), volunteers in the U. S. Artillery service,—just the kind of a man we all want in public office now. He promises, when elected, to do away with unnecessary delays in probating estates, to establish and maintain an office where he may personally be found "on the job" every day at regular hours—a thing not done in the past. Hill can and will do it."

Judge Murphy Tours Washington Towhship

Judge John D. Murphy of Berkeley made a campaign tour of Washington township this week. Mr. Murphy is a candidate for judge of the Superior Court, and says he is well pleased with the manner in which he has been received in all parts of the county.

Saving Sugar Saves Shipping



UNLOADING HAWAIIAN SUGAR AT A CALIFORNIA PORT.
LOADING CANE IN HAWAII FROM WHERE AMERICA GETS HALF A MILLION TONS OF SUGAR A YEAR.

AMERICAN families would have less sugar than the people of war torn France, if we depended entirely on our home-grown sugar stocks.

Approximately 75 per cent. of our sugar is shipped to our shores. We produce about 1,000,000 tons of sugar a year. Our imports from abroad amount to over 3,000,000 tons a year in normal times.

The United States Food Administration asks each family to limit its use of sugar to two pounds per month per person for household use. The military situation demands that every available ship be placed at the disposal of the Army or Navy. When we save sugar, we save shipping.

BUY FOR VICTORY

If you buy intelligently it, naturally follows that you save and saving is going to help win this war.

However, inteliigent buying doesn't mean getting a cheap article because of the low price. On the other hand it doesn't mean buying the hlghest priced article you can find.

It means strking a happy medium; paying just enough to get real quality.

That's what you do when you buy clothes of us. They're made of the best all-wool fabrics by Hart Schaffner and Marx; they're priced right and they're real quality.

You get the long wear and style that go with real vuality and consequently you buy less. That's how you save.

SHARE OUR SUGAR WITH THE ALLIES

British Get Two Pounds a Month. French Pound and Half, Italians One Pound.

America's new sugar ration of two pounds a month per person is equitable when compared with the sugar ration enforced by rigid governmental order in England, France and Italy, nations with which we are sharing sugar.

Each Allied nation—in the matter of sugar consumption—is sharing on nearest possible equal terms the hardships imposed by greatly altered conditions in the world sugar situation.

Formerly classed as a luxury, sugar is now a war time essential. The fair and just division of this essential is in the hands of the various Allied food controllers.

The United States Food Administration has asked this nation to observe a voluntary sugar ration of two pounds per person a month.

In the other countries at war with Germany sugar is one of the scarce articles on every menu—whether in the households of both rich and poor, or in the hotels.

England today has a sugar ration of two pounds per month per person. In France the ration is a pound and a half and in Italy it is one pound a month. And the prices in allied countries are from two to three times as high as in America.

If you go to a hotel in England or France these days and order tea or coffee they serve absolutely no sugar with it. If you want sugar you must bring it with you.

In England it is allowable to use one-seventh of an ounce of sugar in the preparation of each luncheon. In France many persons carry little saccharine tablets about with them for use in hotels and in England rich and poor must take their sugar with them if they wish to have sweetened tea while visiting friends.

Before the war started France had 625,000 acres devoted to sugar production. By 1917 the French sugar acreage had decreased to 180,000 acres. Today the French man or woman with a sugar card has no assurance whatever that he or she will be able to actually buy sugar. To buy it, one must first find it.

Italy Has "State Sugar."

Especially drastic regulations govern the use of sugar in Italy. Its manufacture, distribution and sale are closely controlled, and in part actually taken over by the state.

Saccharine is permitted to be sold and used as a substitute for sugar and the government manufactures a mixture of saccharine and sugar called "State Sugar," which is largely used.

German Sugar Ration Adequate.

Germany, before the war, produced a great surplus of sugar and exported large quantities. Today the Germans have virtually gone out of the export business, but have plenty of cheap sugar for home use.

Wholesale prices prevalent in the Allied nations, according to information received by the United States Food Administration are as follows: England, 10 cents a pound; France, 12 cents; Italy, 26 cents.

While these high prices are being paid abroad the American wholesale price is being held at 7½ cents.

AMERICANS ASKED TO LIMIT USE OF SUGAR

Must Use No More Than Two Pounds Per Person a Month if the Present Meagre Allied Sugar Ration Is Maintained.

Stocks Will Be Short Until Beginning of New Year—Ration May Be Enlarged Then.

Two pounds of sugar a month—half a pound a week—that is the sugar ration the U. S. Food Administration has asked every American to observe until January 1, 1919, in order to make sure there shall be enough for our Army and Navy, for the Allied armies and for the civilians of those nations.

By New Year's the world sugar situation will be relieved somewhat by the new crop. Cuban sugar of this year's crop will be arriving in this country.

Every available sugar source will be drawn on by the Food Administration during the next winter months to maintain sufficient stocks here to keep up our national sugar supply. During October the first American beet sugar will arrive in the markets. By the middle of November some of our Louisiana cane crop will be available. All of this sugar and more may be needed to keep this nation supplied on a reduced ration and to safeguard the Allied sugar ration from still further reduction. In Europe the present ration is already reduced to a minimum.

Our Situation.

The situation which the United States faces in its efforts to maintain a fair distribution of sugar to the Allied world is as follows:

Sugar supplies throughout the country, in homes, stores, factories and bakeries are at a low ebb. We must make increased sugar shipments to the Allies.

Production of American beet and Louisiana cane crops have been disappointing.

Porto Rico crops have been curtailed.

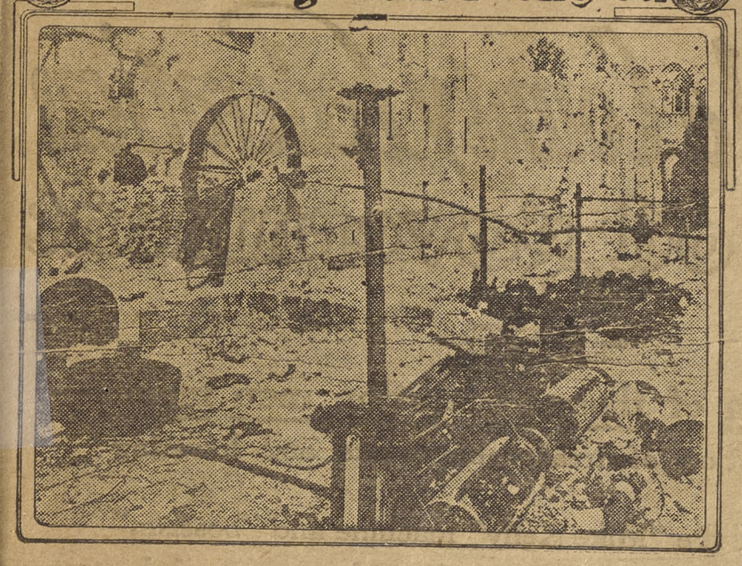
Immense sugar stocks in Java cannot be reached on account of the shipping shortage; ships are needed for troop movements and munitions.

Army and Navy sugar requirements have increased as well as those from the Allies.

Most industries using sugar have had their allotment reduced by one-half; some will receive no sugar.

Households should make every effort to preserve the fruit crop without sugar, or with small amounts of sugar. Later, when the sugar supply is larger, the canned fruit may be sweetened as it is used.

French Sugar Mills Destroyed



France must import sugar today, most of it from this side of the ocean, because the largest portion of French sugar beet land is in German hands. As a result, the French people have been placed on a sugar ration of about 18 pounds a year for domestic use; a pound and a half a month. This photograph shows how the German troops destroyed French sugar mills. Thanks to the French rationing system the annual consumption has been cut to 600,000 tons, according to reports reaching the United States Food Administration. Before the war France had an average sugar crop of about 750,000 tons of sugar and had some left over for export.

OUR SAVED FOOD FED THE ALLIES

Food Administrator Writes President America Conserved 141,000,000 Bushels Wheat.

CREDIT DUE TO WOMEN.

Meat and Fat Shipments Increased by 844,600,000 Pounds.

Conservation measures applied by the American people enabled the United States to ship to the Allied peoples and to our own forces overseas 141,000,000 bushels of wheat and 844,600,000 pounds of meat during the past year, valued in all at $1,400,000,000. This was accomplished in the face of a serious food shortage in this country, bespeaking the wholeheartedness and patriotism with which the American people have met the food crisis abroad.

Food Administrator Hoover, in a letter to President Wilson, explains how the situation was met. The voluntary conservation program fostered by the Food Administration enabled the piling up of the millions of bushels of wheat during 1917-18 and the shipment of meat during 1917-18.

The total value of all food shipments to Allied destinations amounted to $1,400,000,000, all this food being bought through or in collaboration with the Food Administration. These figures are all based on official reports and represent food exports for the harvest year that closed June 30, 1918.

The shipments of meats and fats (including meat products, dairy products, vegetable oils, etc.,) to Allied destinations were as follows:

Fiscal year 1916-17....2,166,500,000 lbs.
Fiscal year 1917-18....3,011,100,000 lbs.

Increase ..... 844,600,000 lbs.

Our slaughterable animals at the beginning of the last fiscal year were not appreciably larger than the year before and particularly in hogs; they were probably less. The increase in shipments is due to conservation and the extra weight of animals added by our farmers.

The full effect of these efforts began to bear their best results in the last half of the fiscal year, when the exports to the Allies were 2,133,100,000 pounds, as against 1,266,500,000 pounds in the same period of the year before. This compares with an average of 801,000,000 pounds of total exports for the same half years in the three-year pre-war period.

In cereals and cereal products reduced to terms of cereal bushels our shipments to Allied destinations have been:

Fiscal year 1916-17..259,900,000 bushels
Fiscal year 1917-18..340,800,000 bushels

Increase ..... 80,900,000 bushels

Of these cereals our shipments of the prime breadstuffs in the fiscal year 1917-18 to Allied destinations were: Wheat 131,000,000 bushels and of rye 13,900,000 bushels, a total of 144,900,000 bushels.

The exports to Allied destinations during the fiscal year 1916-17 were: Wheat 135,100,000 bushels and rye 2,300,000 bushels, a total of 137,400,000 bushels. In addition some 10,000,000 bushels of 1917 wheat are now in port for Allied destinations or en route thereto. The total shipments to Allied countries from our last harvest of wheat will be therefore, about 141,000,000 bushels, or a total of 154,900,000 bushels of prime breadstuffs. In addition to this we have shipped some 10,000,000 bushels to neutrals dependent upon us, and we have received some imports from other quarters.

"This accomplishment of our people in this matter stands out even more clearly if we bear in mind that we had available in the fiscal year 1916-17 from net carry-over and as surplus over our normal consumption about 200,000,000 bushels of wheat which we were able to export that year without trenching on our home loaf," Mr. Hoover said. "This last year, however, owing to the large failure of the 1917 wheat crop, we had available from net carry-over and production and imports only just about our normal consumption. Therefore our wheat shipments to Allied destinations represent approximately savings from our own wheat bread.

"These figures, however, do not fully convey the volume of the effort and sacrifice made during the past year by the whole American people. Despite the magnificent effort of our agricultural population in planting a much increased acreage in 1917, not only was there a very large failure in wheat, but also the corn failed to mature properly, and our corn is our dominant crop.

"I am sure," Mr Hoover wrote in concluding his report, "that all the millions of our people, agricultural as well as urban, who have contributed to these results should feel a very definite satisfaction that in a year of universal food shortages in the northern hemisphere all of those people joined together against Germany have come through into sight of the coming harvest not only with wealth and strength fully maintained, but with only temporary periods of hardship.

"It is difficult to distinguish between various sections of our people—the homes, public eating places, food trades, urban or agricultural populations—in assessing credit for these results, but no one will deny the dominant part of the American women."

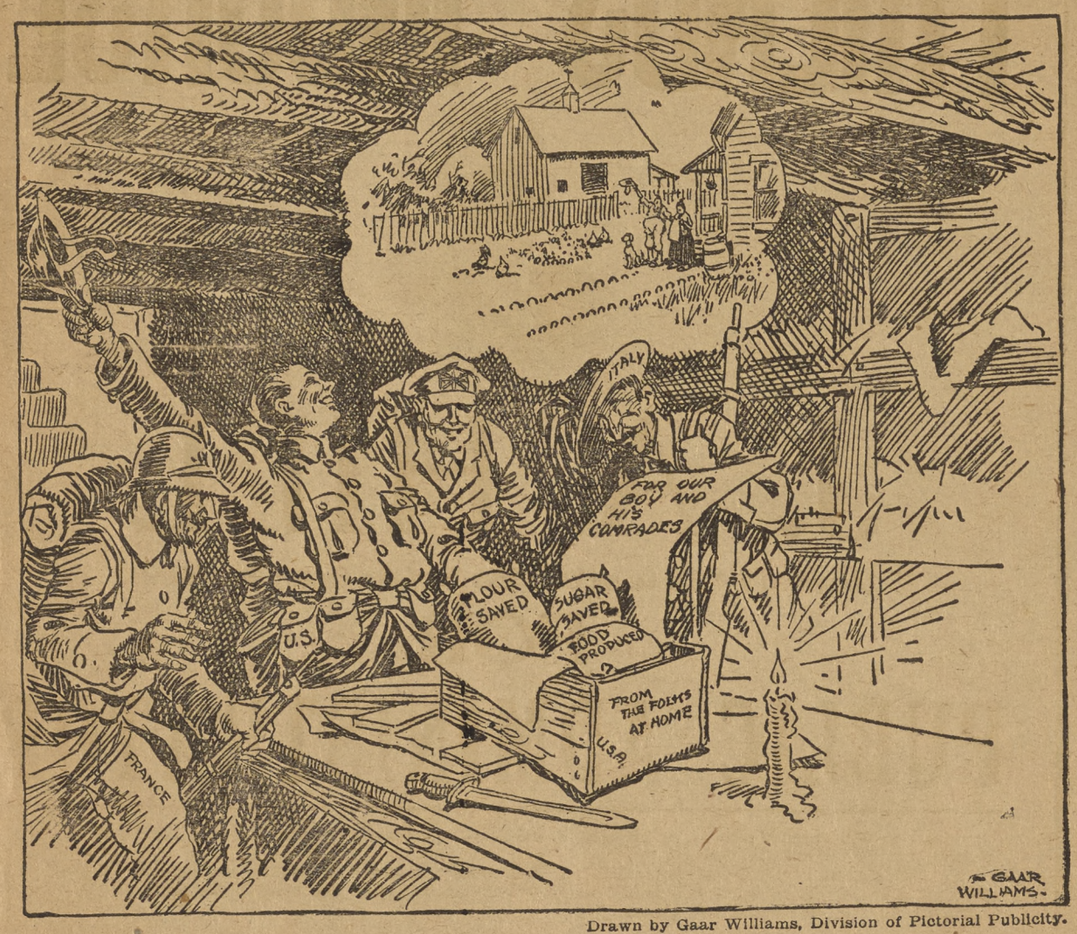
A BOX FROM HOME



Drawn by Gaar Williams, Division of Pictorial Publicity.

Food savings of millions of Americans during our first year of war enabled this government to send enormous food shipments abroad for our fighting forces and the Allied nations. Our savings in cereals—out of a short crop—amounted to 154,900,000 bushels; all of which was shipped to Europe. We increased our meat and fat shipments 844,600,000 pounds. This was America's "box from home" to our army abroad and the civilians and military forces of the Allied nations.

OFFICIAL FOOD NEWS

Issued by
U. S. Food Administration
for California

That California has "gone over the top" in food conservation and production, and in all other war activities, was the gist of an informal statement issued by Federal Food Commissioner Ralph P. Merritt, the first since his return from a tour of the state, during which he had ample opportunity to find out "what the other fellow is doing."

"Magnificent" was the word the food chief used to describe the measure of co-operation the people of the state are giving in food conservation. In remote farm houses, among the forest rangers and sheep herders in the mountain fastnesses, and in the summer resorts of high and low degree, Merritt said he found practically 100 per cent observance of the food rules and restrictions.

Summing up he said:

"During the first year of food administration, of the people and for the people, the nation, by saving and thoughtful use of resources has gained these ends:

"For our sailors at sea and our soldiers overseas, ample provision.

"For the Allies, maintaining the common cause, salvation from famine.

"For the armies, renewed courage to keep a steel wall between us and destruction.

"For the community of free peoples, a stronger unity of purpose.

"For the future, a more resolute will to go on through sacrifice to victory."

Merritt made a strong plea for conservation of sugar in the homes during the present crisis as a patriotic duty, and the continuance of other conservation measures.

Grocery stores are advised that they should not refuse to honor canning sugar permits from the woman director of food conservation if they have sufficient sugar on hand to fill them. Complaints have been received throughout the state that many grocers have adopted this practice which is wrong. A certain allotment of sugar was made to each grocer to supply the canning demand and he is expected to take care of his customers as long as he has sugar on hand for canning purposes. When his own supply runs short he may apply to the local food administrator for an additional allotment for canning.

The San Joaquin Valley has appealed to the Woman's Land Army of California for a volunteer unit of 200 workers to assist in saving the crops.

A new postoffice has been established in Shasta under the name of Beerhaven. The place is better known by the railroad name of Fisher.

The County Supervisors have made an appropriation of $1500 to cover the expenses of a home demonstration agent for San Bernardino County.

Thousands of rabbits are playing havoc with growing beans on a tract of several hundred acres on Bear River, near Grass Valley, known as Natomas tract.

Harry McCurry, 34, native of Gridley, and Mrs. W. D. Gilstrap, 34, were drowned last week in the Sutter-Butte Canal, just below the weir on the M. P. Machado place.

The country residence on the home place of Mrs. C. Martinelli, just below the Twin houses, down the Petaluma river, was destroyed by fire last week. The loss will be about $5000.

Four widely separated fires, believed to have been of incendiary origin, recently destroyed hay valued at $2200 on the ranch of Henry Martens at Sunnyvale, fifteen miles north of San Jose.

Southern California produces 87 per cent of all the lima beans grown upon the face of the earth. The only other place where limas are extensively grown is on the island of Madagascar.

Notice, Housewives

Canning sugar permits must be signed by the food chairmen in each town of Washington township. The chairmen are: Mrs. Robie or Mrs. J. Scribner, Alvarado; Mrs. H. May, Decoto; Mrs. G. Wright, Centerville; Mrs. Cockefair, Newark; Mrs. T. Witherly, Irvington; Mrs. F. Cortner, Warm Springs; J. E. Rogers, Mission San Jose; Mrs. J. E. Thane or Mrs. William Moore, Niles.

By order of County Food Director,
Mrs. J. E. Thane.

Mr. and Mrs. Tony Miller and family motored to San Leandro Tuesday evening and attended a birthday party of Joseph Miller, a brother of Tony. The party was a surprise and was given by Mrs. F. Garcia at her home.

Announcement is made that a meeting of men and women has been called by Dr. May of the State Red Cross organization for 3:30 p. m. tomorrow, at the Country Club, Centerville, to consider hygiene and first aid in connection with Red Cross work. Several able speakers will be present. It is thought the meeting will be an important one and a good attendance is hoped for. Seventeen workers were present at our local Red Cross meeting last Monday.

During the past week a fine hardwood floor has been laid on the lobby at Hotel Belvoir, an improvement which an increasing number of the patrons of the house will be sure to appreciate. As heretofore announced, there will be dancing at the hotel every Saturday evening and all who come may be sure of a cordial welcome by the genial host, Mr. B. H. Robinson. Last Saturday evening there was a good sized company present.

Mrs. J. E. Sweet, of Fruitvale, who for some years was a resident of Centerville, is a guest at Belvoir. Her former friends here are glad to meet her again and to note that as the years go by she loses nothing of the cheerful and charitable individuality of her younger womanhood. Miss Edith Hibbard is also a guest at the hotel and is enjoying a vacation from her customary duties at the Oakland City Library.

Alvarado Items

A. S. Mello, accompanied by his brass band and a large number of Alvarado people, attended the flag raising and dedication at Newark, Saturday evening of last week. The Mello band played at the service flag dedication at Holy Ghost Church, Centerville, last Sunday. Mr. Mello will make a tour of the township with his band tomorrow and will render a musical program in each town.

Tony Amaral was taken to the hospital Monday. He has been in ill health for some time and his friends hope that he will be able to return shortly.

The Alvarado baseball club will give a dance at I. O .O. F. Hall tonight and it is expected that a large number of fans from all over the township will attend. The floor committee is W. B. Soranger, Lee Bowman, Everett Richmond, and F. Joyce.

The music will be furnished by the Oakland Jazz Orchestra.

Centerville Notes

The first picking of the tomato crop is arriving at the cannery.

J. Lowrie spent several days at home this week. He is enjoying the best of health and his friends were glad to welcome him.

Postal cards received here by friends of Manuel Furtado, say that the ship he sailed on for the war zone, arrived safely overseas.

Mrs. P. Mathiesen is spending the week in Santa Cruz.

The Red Cross has received some [illegible] needed worsted, which will soon be made into useful articles. Dr. Eugene May of Oakland will give instructions in first aid and elementary hygiene at a meeting at the County Club, Sunday afternoon, at 3 o'clock. The meeting is to be under the auspices of the Red Cross and both men and women are requested to attend.

The committees in charge of the annual Barrel Festival have about completed their arrangements, and expect this to equal or surpass any of the successful festivals of past years. Mrs. Gregory is at the head of the work, which gives assurances that nothing will be overlooked that would add to its success. It will be held on the lawn at her home. The community is invited to take their dinner there, which will be served at noon and later.

Mrs. Mary C. Allen is spending the week with relatives.

A company of twenty-five Centerville people enjoyed an outing at Neptune Beach, Wednesday, among whom were Rev. and Mrs. C. Boddington, Mrs. Mariam Mowry, Mrs. O. Stevenson and family, Mrs. McGeorge and family, Mrs. C. Thompson and Mrs. F. O. Bunting.

The funeral of Mrs. Louise Clark, of Centerville, who passed away August 17th, was held Thursday from Holy Ghost Catholic Church. Her son, Anthony, who is stationed at Camp Fremont, was granted a ten-days' furlough, and attended the funeral. Mrs. Clark leaves to mourn her loss, a husband, Frank Clark, and three sons, Frank, Joseph and Anthony.

Quite a delegation of Centerville's young people attended the candidates' ball at Irvington, Saturday night of last week.

FEDERATION FEELS CONFIDENT OF ELECTION RESULTS

"Vote for good government—clean government—and make Alameda County safe for the tax-payer."

This is the rallying cry of the Alameda County Federation, an organization of citizens who have pledged themselves to the ever-present task of rooting out the evils of government.

It also is with this thought in view that the Federation has indorsed a full county ticket and asks that they be supported at the primary election next Tuesday. According to the Federation all indorsees are pledged to these three things:

Elimination of waste and lowering of taxes.

Ousting of machine government.

Elimination of saloons and enforcement of dry laws.

Following is the Federation ticket: Assembly—34, A. E. Pelton. Superior Judges—Dudley Kinsell, John D. Murphy, Frank B. Ogden; A. F. St. Sure. County Superintendent of Schools—George A. Edgar. District Attorney—William T. Satterwhite. Recorder—G. W. Bacon. County Clerk—Frank M. Smith. Sheriff—Robert Hansen. Treasurer—George H. Smith. Assessor—I. H. Clay. Tax Collector—Arthur T. Biddle. Auditor—Henry F. Vogt. Public Administrator—John A. Hill. Coroner—Dr. R. O. Baldwin.

"Save $100,000 a year that is being squandered uselessly now," says a recent bulletin of the Federation.

When the war is over there will be only two kinds of men left—the men who did and the men who didn't.

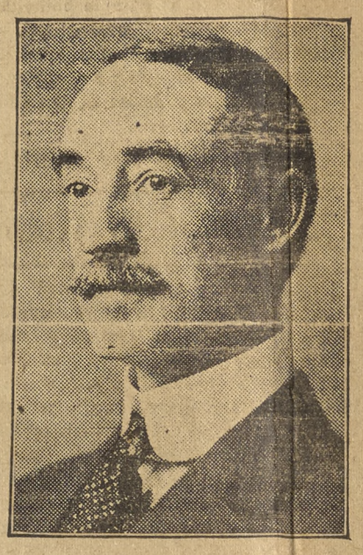
HASTE--

To your dealer for a delightfully refreshing dish of National Ice Cream—the minute you are a bit wam. You will be amazed how soon you will feel "like another person"—after you fathom its cooling mysteries.

Senator Breed, One of Oakland's Foremost Citizens



Senator Breed of Oakland, candidate for Lieutenant-Governor, is looked upon in Oakland as one of her foremost citizens. He is interested in a great many large enterprises, and his business ability is unquestioned. He has been in public life for some time, and each time he has sought office he has received the hearty endorsement of his city. He has, while in the legislature, been the guardian of the interests of the state university, which is in his senatorial district, and upon more than one occasion has been warmly applauded by the heads of the university for his devotion to the university's interests.

Deserves Re-Election To the Assembly

J. Leonard Rose, who seeks re-election to the assembly from this district, is most aptly qualified to fill the position. He knows the needs of the district and he made a good record at Sacramento at the last session. He is always alert to help the agricultural interests of which he is in close touch, having been raised on a farm and being interested in agriculture pursuits at Newark. He was born at Newark and has resided there all the time. He has championed the water district and opposed all bills that were detrimental to its welfare.

Two years ago he was practically elected at the primary, having won the nomination by a large majority, defeating three candidates. He is a graduate of the University of California. To no set, clique or organization is he subservient. He is independent and free to look after the needs of his district and the State.

MERE MORTALS

Are we—be that as it be—the gods have sent us a dish. It's National Ice Cream and its real real but a "DREAM" and answers your greatest wish—to keep cool.
